HONEST VOTES ONLY IN APRIL ELECTIONS.

No Move in Republican State Politics Until April. Kansas City Election And Police Commissioners Will Eliminate Illegal Voters Before Election.

Special correspondence.

Jefferson City, March 11.—Not until the Spring elections in Kansas City, St. Joseph, Sedalia and other large cities have been held will there be much activity in Republican State politics. The result in Kansas City and in St. Joseph will have some bearing on State politics but cannot affect the plans and policies that will engage the thought and action of Republican party leaders, who will go into the campaign of 1910 harmonious and aggressive.

The most important city elections in April will be held in Kansas City and St. Joseph. The new charter of the latter city has lately been upheld by the Supreme Court and the April election will be the first to be held under it. The Republicans there are united and are conducting a strong campaign.

"There must be no effort on the part of the Police Department to secure honest elections" is the new campaign cry injected into the municipal campaign in Kansas City by the Democrats. This can be regarded as an echo of the new slogan of the Missouri Democracy, as suggested by the St. Louis Republic, "Burn the Ballots."

It seems that the Board of Election Commissioners in Kansas City, two of whom are Democrats and all of whom are appointees of former Governor Folk, co-operated with the Police Department to secure honest voting during the special election last December when the people voted upon a forty-two year franchise for the Metropolitan Street Railway Company. Through the efforts of the police Department and the Election commissioners it was discovered that there were 14,000 names on the registration list of persons who were not entitled to vote. Lists of these unauthorized voters were furnished to the Police Department and Election Commissioners, and none of them voted. The result of this vigilance on the part of the police and election officials was that the Metropolitan franchise, which was actively favored by the Democratic city administration, and opposed by the Republican organization, was defeated by nearly 7,000 majority. At the suggestion of the Election commissioners a conference was recently held between that board and the Board of Police Commissioners, and it was decided, with the approval of the Governor to follow the same plan of co-operation for the spring election to be held on April 5th as was adopted for the franchise election—that is, to have the registration lists canvassed by a representative of the Election Commissioners and a member of the Police Department of opposite politics, and a list of unauthorized voters prepared for the election officials.

This guarantee of an honest election, apparently, does not suit the Democratic politicians in Kansas City who have in many campaigns in recent years secured the advantage of thousands of dishonest votes. So a great hue and cry is being raised about police intimidation and militarism at the polls. This is along the same line as the editorials of the St. Louis Republic, in which the Election Commissioners in St. Louis are being vigorously denounced for carefully preserving the ballots of the election of 1908, while not a word is said against the crooks who dishonestly counted the votes for United States Senator in that election. Both the Democratic politicians in Kansas City and the Democratic news-

papers throughout the state could command themselves more favorable to the good people of both parties if they had more to say against the men who stole elections and less to say against those who were working to prevent elections being stolen.

In connection with the politics of the situation at Kansas City it is interesting to note that in the recent primary election for the selection of delegates to the Democratic city convention a delegation headed by Wm. S. Cowherd, the last Democratic candidate for Governor, was overwhelmingly defeated. This is an example of the way in which Kansas City has been "rebuking" Governor Hadley since he became governor. Although with padded registration lists the Democrats were able to carry Kansas City by a majority of 3,500 in the election of 1908 in the two elections held within the last year the Republicans have been successful, in the first by 6,000 majority and the second by 7,000. Some of the Democratic politicians and editors who tried to figure it out that the result of the late election in the Sixth district was a rebuke to Governor Hadley although neither his political or official policies were in any way involved in it should now undertake to figure out the meaning of this emphatic rejection of Mr. Cowherd by the Democrats of his own city and his immediate neighborhood.

"PROHIBS" PLAN HOT FIGHT.

Will Raise \$250,000 Fund and Establish Press Bureaus in Three Cities.

The filling at Jefferson City of lengthy petitions favoring prohibition in Missouri, has startled the "wet" interests in this State. The "dry" contingent are preparing to wage a bitter war in the rural districts and ignore St. Louis and Kansas City. Press bureaus will be opened in three of the larger cities, and a fund of \$250,000 is to be raised to make the fight.

The liquor interests, during the last gubernatorial campaign, had a press bureau in St. Louis, and Eugene Brockmeyer, who is now working for the national administration in Washington, had charge of the publicity.

Local retail dealers held a secret session Friday afternoon and a committee will be appointed to confer with the brewers and wholesale liquor dealers in reference to fighting the prohibition agitation in this State.

To carry the next election, the prohibitionists must have a majority of all the votes cast in the State. In 1908, there were 703,579 votes cast in the national election. If the same vote were cast next November, on the liquor question, the prohibitionists would have to get 351,790 votes to gain victory. As a rule, only 40 per cent of the voters express an opinion on amendments, but the prohibitionists will try to educate the voters to vote on the dry amendment.

The prohibition question will also enter into the senatorial fight, as the senatorial aspirants will be asked to voice their sentiments on the liquor question.

Subscription lists asking for contributions to the "dry" cause, will be circulated through the State at once. The liquor interests will probably reopen their press bureaus, and will again send missionaries through Missouri to try to help their interests. According to a well-known political leader the big fight in Missouri next November will not be whether Hadley, Warner, Dickey, Francis, Reed or Fold goes to the Senate, but whether Missouri will be wet or dry.—St. Louis Star.

Saved A Soldier's Life.

Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, of Kemp, Texas than facing it from what doctors said was consumption. "I contracted a stubborn cold" he writes, "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 180 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 pounds." For Coughs, Colds, La Grippe, Asthma, Hemorrhage, Hoarseness, Croup, Whooping Cough and lung trouble, its supreme. 50c. 100. Trial bottle free. Guaranteed by Crump & Kidwell.

Dr. C. O. Davidson, of Columbia Mo., who makes diseases of the eye, ear and the scientific fitting of glasses a specialty will be at Mrs. Garuthers House, Montgomery City Mo. March 22nd 1910 (one day only.) To advertise his work as a refractonist, will on this trip, fit \$7.50 glasses for \$3.75, \$10 glasses for \$5 and so on. Dr. Davidson will visit Montgomery City, one day in each month. Glass fitting is his hobby and he challenges any to do better and more scientific work. All lenses prescribed by him are ground and mounted by the Ellis Optical Co., Columbia, under his supervision. (This Optical Grinding plant only employ first class workmen.) Will be in Wellsville at Arnold House, March 21st 1910.

DANIEL BOONE MEMORIAL ROAD

Map Mark Pathway of The Great Pioneer.

A Washington dispatch says: "If the plans of Representative Edward of Kentucky materialize, the memory of Daniel Boone will be substantially recognized by the building of a road from Madison county through Cumberland Gap along the Old Wilderness road traversed by the great pioneer on his way to the greatest of States. It is to be known as the Boone Memorial."

It is Mr. Edwards' plan to urge the establishment of the Boone memorial through the Department of Agriculture in co-operation with the Kentucky good roads law now pending in the Legislature. Mr. Edwards is collecting data on the subject and will shortly be able to introduce a bill embodying the idea. The subject is one which appeals to Kentuckians.—Pineville (Ky.) Sun.

The Democratic Meeting.

On Monday at 11 o'clock a. m. the ninety representatives of the Democrats of the county met at the court House and held the much discussed and much advertised near convention, but as at the previous meeting held February 12th their courage failed them and they failed to accomplish the purpose for which the meeting was called. While the near delegates ran the steam roller over Claude R. Ball repeatedly, there is no doubt that his warnings to the representatives of the Democratic Machine gave them cold feet, and prevented them from naming a county ticket for the docile Democrats of the county to endorse at the August primary election. The whole day's work of the meeting resulted in the following attempted allotment of officers to the several townships.

Montgomery—Recorder and Probate Judge.

Upper Loure—Prosecuting Attorney and County Clerk.

Danville—Collector and Public Administrator.

Bear Creek—Representative, District Judge 2.

Prairie—Circuit Clerk, Judge District 1.

Lower Loure—Presiding Judge.

As this meeting had no authority was not a legal body, and as its suggestions are not binding, there is no reason to believe that any one will, for a moment, feel bound by its suggestions. The only purpose of the meeting was an attempt on the part of the politicians of the party to control nominations and defeat the intentions of the primary election law. Any Democrat that so desires has a right to become a candidate for any office for which nominations will be made at the August primary election, and notwithstanding threats of the steam-roller by the machine, the people will vote for the candidates of their choice regardless of where they reside. An open field and a fair fight is the only really fair American way, and we have no doubt the 2000 democrats of the county will do their own voting absolutely regardless of what the political bosses in their near convention directed them to do.

Card of Thanks.

We desire to extend our sincere thanks to the friends who so kindly and willingly rendered us such valuable service during the recent illness and death of our beloved wife and mother.

How Good News Spreads.

"I am 70 years old and travel most of the time," writes E. F. Tolson, of Elizabethtown, Ky. "Everywhere I go I recommend Electric Bitters, because I owe my excellent health and vitality to them. They effect a cure every time." They never fail to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. They work wonders for weak, run-down men, and women, restoring strength, vigor and health that's a daily joy. Try them. Only 50c. Satisfaction is positively guaranteed by Crump & Kidwell.

The Buell Bank.

On Tuesday afternoon the stock holders of the Buell Bank met at the bank and held their first annual election. The following officers and directors were elected for the coming year:

OFFICERS.

W. E. Holt, President; A. Grabenstein, Vice President; E. H. Ham, Cashier.

FINANCIAL BOARD.

C. F. Kraft, J. R. Rogers, Newton Emerson.

DIRECTORS.

W. E. Holt, C. F. Kraft, A. Grabenstein, N. Emerson, E. H. Ham, J. R. Rogers, and Robert Heckerson.

Eighty-five per cent of the stock was represented at the meeting. The Bank is in prosperous condition and the stock holders were pleased with the first year's business and look forward confidently for a better business during the year just commenced. The bank is a substantial institution in no doubt, will greatly aid in the up building of the enterprising little town of Buell.
